

Getting to Know Dottioz

Author Kevin White, Owner of Dottioz LLC

Dottioz LLC! Real Talk! Real Goals!

At **Dottioz LLC**, customer service is more than answering questions—it's the foundation of building trust, loyalty, and long-term relationships. Every interaction is an opportunity to create a positive shopping experience that encourages customers to return. I started the company completely from scratch! I simply bought a book literally called Starting a Business for Dummy's. I took about 2 months of note taking and I had a business plan completely on paper in October 2023. No one knew! I hid my goals from the world because there is stiff competition from big businesses and lack of support. I, however, found that starting a business was very rewarding, and yet once I focused on why small businesses closed, I built Dottioz LLC, designed with success in mind.
